Dear Dr. Pebley:

RE: MH-NICHD 99-08

This letter amends the Confidentiality Certificate protecting the identity of research subjects in your project entitled, "Los Angeles Study of Families and Communities" to extend the expiration date until July 31, 2009. This will enable the investigators to complete the research.

Be sure to attach this amendment to your copy of the original certificate.

If you determine that the research project will not be completed by the new expiration date, July 31, 2009, you must submit a written request for an extension of the certificate three months prior to the expiration date. Any such request must include the justification for the extension, documentation of the most recent IRB approval, and the expected date for completion of the research project.

Correspondence should be sent to:
