CHILD_1517_ORALINFO “INTERVIEWER: PLEASE GIVE RESPONDENT {bold} FORM C{normal} AND READ THE FOLLOWING.

Your (mother/father/other guardian) has agreed to let you be part of this important study called the Los Angeles Family and Neighborhood Survey Wave 2 (L.A.FANS-2).

If you agree, I will give you a brief reading and math test, and then I will ask you to answer some questions about your experiences with school, family, and friends. I will show you how to enter your answers directly into the computer. All of your answers will be kept private—your answers will not be given to anyone else, not even to your parents or family.

You get to decide if you want to be in the study. You can change your mind and stop at any time. If you decide to participate, you can skip any questions you don't want to answer.

Your participation is very important because no one else in the community is exactly like you and we cannot use anyone else in your place. L.A.FANS is an on-going study, and we may contact you in the future to ask you to participate again or to participate in a separate part of the study.

RAND, a non-profit research institution in Santa Monica, California, is conducting this study in collaboration with the University of California at Los Angeles (UCLA) and RTI International.

This study is being done to find out what parts of neighborhood and family life are important for health of children, adolescents, and adults.

agree, I will give you a brief reading and math test, and then I will ask you to answer some questions about your experiences with school, family, and friends. I will show you how to enter your answers directly into the computer. All of your answers will be kept private—your answers will not be given to anyone else, not even to your parents or family. You get to decide if you want to be in the study. You can change your mind and stop at any time. If you decide to participate, you can skip any questions you don't want to answer.
